To whom it may concern,

Professional Install Justification:

Mimosa Networks declares that the B5 (FCC ID: 2ABZJ-100-00001) and B5c (FCC ID: 2ABZJ-100-00014) units are not sold or marketed to the general public and are only sold to wireless internet service providers and requires a professional installation. The professional installers have to do a software "sign off" to activate the radio.
